

ARMED WAR PLANNED ON CANADIAN RUM RUNNERS

Plans for an armed campaign against liquor smugglers along the Canadian border were discussed here yesterday at a conference between E. C. Yellowley, chief of gen-

eral prohibition agents, and Ralph Day, State prohibition director of New York.

Day reported to prohibition officials that smuggling into New York State had been reduced 75 per cent during the last few months.

D.C. LIONS REVEAL AS CHARTER IS GRANTED GROUP

Local Civic Organization Hears Notables at Dinner of Inauguration.

The Washington Lions Club was formally inaugurated last night when Mr. Nelson Bond of Baltimore, district governor of the international organization presented the local club its national charter.

Acceptance was made by President Caleb W. O'Connor, who outlined the purpose of the new organization, the most recent acquisition to Washington's growing list of civic groups.

Approximately 300 guests witnessed the inauguration of the club, with their families, including promi-

nent members of the Senate and House, and officials of the Federal and District Government.

The principal speaker was Senator Thomas Heflin, of Alabama, who praised the objects of the organization, declaring that it brought men together from all sorts of professions bringing out the broad community viewpoint and does away with narrowness of vision.

Much "Lion play" enlivened the evening for the diners. Wild lions, which escaped late yesterday afternoon from the Zoological Garden, invaded the Washington dining room, roaring their welcome to the out-of-town visitors. The party was rudely interrupted by a liquor raiding party in quest of an elusive half-pint, only to be followed by a strike of the waiters.

Order was restored, however, when the revenue agents were thrown out and the strike was called off when Cabel O'Connor surrendered the forbidden stuff to the servants.

A part of the evening's program was given over to mass singing led by Robert Lawrence, director of the annual Washington "Music Week." A dance followed the banquet and Virgil P. Bourne and Fred W. Walker were chairman and secretary respectively, of the banquet committee.

BLOCS SEEN AS DEATHBLOW TO PARTY POLITICS

Formation of Congressional Groups Hits at U. S. Foundation, Says King.

By International News Service.

The powerful agriculture and tariff "blocs" which have exerted a sweeping control on recent legislation in Congress, today were flayed by Senator King (Dem.) of Utah as sounding "the death knell of party politics."

King declared that Senators and Congressmen "dividing into groups in order to obtain legislation" were dealing a deathblow at the fundamentals of our Government.

"An instance of the activities of these blocs is evident in the tariff bill now before the Senate," said King. "The tariff bill will pass because the tariff 'bloc' and the manufacturers' 'bloc' are united behind it."

"In a representative democracy such as ours, I think that it sounds the death knell of political parties when Senators and Congressmen divide into groups. There are the labor groups, the farming groups, the bankers and the manufacturers' groups. They all come here in those groups, working together and dovetailing their energies in efforts to obtain legislation."

King urged a return to the "spirit of Alexander Hamilton and Thomas Jefferson."

"The United States needs a reasonable spirit of partyism. We should have political parties; we want them," King continued. "We want political parties that have political principles and that seek in their party activities to carry into effect honest political principles in the interest of the public welfare."

WEDDING GOWN OF MARY LISTED AMONG MISSING

Question Is Will Miss Baker Marry McCormick or Disappoint Again.

By C. F. BERTELLI, Universal Service.

PARIS, April 25.—Rumors that the wedding of Mary Landon Baker to Allister McCormick is off received a new impetus today. Servants in the home of Countess de Janze, where Miss Baker has forwarded her baggage, admitted that none of the young woman's trunks brought from Chicago contained a wedding dress.

They declared also that none of the traveling cases of the young woman hold any other of the usual accessories of a wedding day outfit.

"Perhaps the trousseau was sent direct to England," said one of the maids. "Miss Baker's wardrobe here certainly does not suggest that she is on the eve of marrying."

Allister McCormick, who is still in Paris, is keeping the long-distance telephone busy trying to talk to his fiancée at her retreat at Londinium, near Dieppe. He declined to comment on the revelation of the maids at the house of Countess de Janze beyond renewing his assertion that the wedding will probably be held at Waybridge in June.

Asked why he did not visit London, McCormick said:

"I have other business which is keeping me in Paris."

McCormick is keeping quiet, his only public appearance being for afternoon tea at the Ritz.

FOREIGN POWERS DELAY U. S. DEBT FUNDING BOARD

The American debt funding commission today is delaying the \$1,000,000,000 of foreign debts into long-term obligations, has met with unexpected delay by failure of foreign debtors to signify willingness to begin negotiations, it was stated at the Treasury Department today.

Great Britain, owing \$5,000,000,000, was notified along with other powers that the American commission now is organized, but the United States Government still is waiting for a reply indicating the wishes of that government.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.
